

"A sensible cigarette—that's what I want"

There are a number of good cigarettes on the market—Fatimas are not the only ones.

But Fatimas are the best-liked and best-selling of all cigarettes costing over 5c.

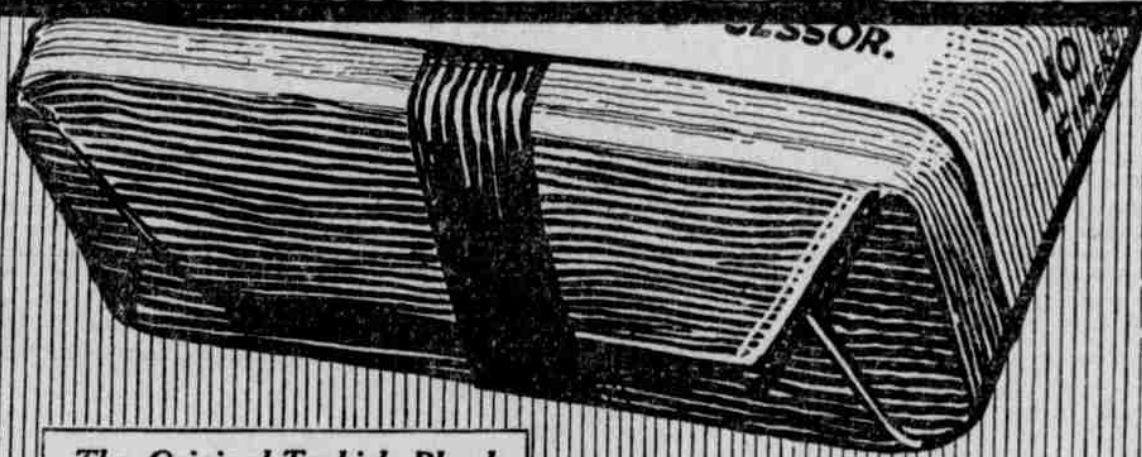

Of course, your taste may be different—you may not like Fatimas as well as all these thousands of other men do.

But you can't deny that they are worth trying—not only for the delicious taste

that has made them so famous, but also to see just how SENSIBLE they really are—sensible because Fatimas are cool and comfortable to the throat and tongue at all times and because they leave no "mean" or "heady" feeling even though you may smoke more often than usual.

If you would prove how really sensible a cigarette can be—try Fatimas.

V. S. A. NOTES.

Baseball Team Plays 13 Games, Winning All.

The baseball team of the Vermont State School of Agriculture left Randolph Center last Wednesday on a four day trip, playing at Lyndon Center, Newport, Derby and Irasburg. The game at Lyndon Center, against the Vail State School of Agriculture, resulted in a 10 to 1 victory for V. S. A. The V. S. A. team had played one game with this team at Randolph Center, winning also, 13 to 4.

From Lyndon Center the team went to Newport, where they won from Newport high with a score of 10 to 0. Clapp, for V. S. A., pitched a no-hit, no-run game, and being credited with 19 strikeouts. Saturday morning four innings were played with Derby academy, when play was stopped by rain. The score at that time was 9 to 5 in the Aggies' favor. Saturday afternoon nine innings of very wet baseball were played against Irasburg town team, the Aggies winning to the tune of 11 to 6.

To date the V. S. A. has played 13 games, winning all. Her total score to date is 147; opponents' 58. The follow-

ing men, together with Coach Heath, took the trip: Bradish, Miller, Kent, Clapp, Pike, Kendall, Lewis, Delaney, Merritt, Going, Barrett and Merchant. The trip was made in Mr. Gay's Red truck, Merle Gould driving. Everyone taking the trip pronounced it a successful venture, not only from a sporting point of view, but as a means of publicity nothing could be a better advertisement for the school. However, if anyone formed the opinion that all we do here is to play ball, let him come down and see how it is. That is the big thing about it and we believe that between now and Sept. 1, some applications will reach the office as a direct result of the trip.

Final examinations are now the order of the day, and plans are nearly complete for the fourth annual commencement exercises.

RANDOLPH

Mrs. C. W. Hayward Thrown Out of Wagon and Run Over—Not Much Hurt.

Mrs. C. W. Hayward, while driving from the farm to the village after her daughter, Miss Harriette Hayward, on Monday night, escaped what might have been a serious accident. The fastening for one of the shafts gave way, letting the same down on the heels of the horse, frightening him, and he began to run. Coming up Pleasant street, he was again more startled by the cries of those who were making an attempt to stop him. In making the turn near the A. E. Gay stable, he overturned the buggy, and Mrs. Hayward was thrown out and the carriage went over her. The horse clearing itself, went on to the postoffice, where it was caught by some one on the street. Mrs. Hayward was soon recovered from her position and was able to walk, and the horse was hitched to another buggy and they drove home. Tuesday morning she was no worse for the accident, with the exception of some lameness, and it is thought nothing will develop from the accident.

The senior class, numbering 41, went on an auto ride Tuesday to Silver Lake, Barnard, for a day.

Mrs. Arthur Drake and her children returned Tuesday from a several days' stay in Rochester with relatives.

Mrs. Bert Fielders of Roxbury, who has been here for two weeks with Mrs. J. D. Laport, who is ill, returned home Tuesday, leaving Mrs. Laport somewhat improved, but very feeble.

Mr. and Mrs. Hoxington of Lowell, Mass., are being entertained by Mr. and Mrs. Bert Hastings this week.

Mrs. Edward Harlow, after passing two weeks with her mother, Mrs. D. M. English, at the home of her daughter, Mrs. J. F. Lamson, returned to her home in Dewey's Mills on Tuesday. Mrs. English is still very ill, with no improvement.

A game on Monday afternoon between the football boys and the Randolph team resulted in a victory for the latter, the score being 28 to 1.

Emory Steele has purchased a small house near the foundry, of Fred Goodrich, and will fix it up and occupy the same.

Mr. and Mrs. G. A. Chedel have gone to Mascoma Lake, Enfield, where they own a cottage, to pass a few days with Mr. and Mrs. Harold Gaylord, the latter being their daughter, who was married a week ago.

Miss Jennie Bell came Tuesday from Walden for a several days' stay with Mrs. E. H. Mason.

ITCHY RASH ON CHEST AND FACE

Later On Shoulders and Back, Burned Like Fire, Had No Rest at Night.

HEALED BY CUTICURA SOAP AND OINTMENT

"I had a rash which began on my chest and face, later going to my shoulders and back. It was very itchy and I had to scratch it which made it burn like fire, and the skin was sore and inflamed. When my clothing would rub against it, it caused itching and burning which was very uncomfortable and I had to rest at night, for after going to bed I would go to sleep for a few moments only to be waked up again."

"I let the rash go for about a week when I used Cuticura Soap and Ointment. After the first application they seemed to stop the burning and after I used two boxes of Cuticura Ointment and four cakes of Cuticura Soap I was healed." (Signed) Wm. C. Robertson, 85 Mountain Ave., Dorchester, Mass., Oct. 21, 1915.

ONLY HUGHES AND ROOSEVELT

Pre-Convention Talk at Chicago Deals with No Other Names

BOTH SUDDENLY STRENGTHENED

Old Guard Headquarters Avoided by Delegates at Chicago

Chicago, June 7.—The stampede for Hughes has started and the desperate effort of the Roosevelt boomers and the favorite son combinations to stop it have failed and will fail. The drive of the delegates for the nomination of the man the people want was so steady and strong yesterday that there is now talk of his nomination on the first or second ballot instead of on the second or third. Should one or more of the favorite sons decide within the next two days to withdraw in his favor, of which there is now considerable talk, it would all be over on the first ballot. The inevitability of this nomination on an early ballot was never more apparent than on the eve of the convention. The Roosevelt followers are naturally elated over the rumor that Senator Lodge will vote for Roosevelt on the second ballot, but the senator knows that his influence is not strong enough to turn the Massachusetts delegation to the colonel, much less to have any appreciable effect upon the delegates from other states. The principal effect upon the favorite sons following the announcement that Mr. Lodge would vote for Mr. Roosevelt when he had done his "duty" by Weeks on the first ballot has been to intensify the impatience of the delegates whose hands are tied by instructions or by obligations to favorite sons, and to increase their desire to nominate Hughes as early as possible.

One of the surprises of the convention to disinterested observers who are friendly to Roosevelt is the apparently mythical character of his support. Four years ago the movement for his nomination was from the ground up. Now it is from the top down. The men of millions who control the great business enterprises of the country are calling for Roosevelt to-day whom they opposed four years ago, but the popular sentiment, particularly in the West, runs in the other direction. The influence of the people back home upon the great mass of the uninstructed delegates is strongly in favor of the nomination of Hughes and he will owe his conscription next Friday as the presidential standard-bearer of his party to the impressive fact that the rule of the people in this convention is complete and overwhelming. The old guard "dies but never surrenders." Sometimes it is interned, however, and that is its present condition. Hughes, Penrose, et al., still have their shingles out at the Coliseum, but the large majority of the uninstructed delegates avoid their headquarters as though the premises were quarantined. By actual count of the delegates less than 200 who danced to the music of the old guard four years ago will sit in the convention to-day. And this little band of survivors know that another lease of life depends upon their catching step with the popular procession.

W. W. Haggett went last week to Massena, N. Y., where he has employment for a while.

Mr. and Mrs. Thomas Brabazon and Mrs. Edith Kenyon of Hartford, Conn., were in town at their respective cottages several days last week.

Mrs. Arthur Bean and two daughters of Brooklyn, N. Y., Mrs. Leon Webster and son of Worcester, Mass., came Monday to stay a while with their father, Ira Carpenter.

Mr. and Mrs. A. R. Runney and son, Wesley, accompanied by Elton Ellis, who conveyed the party in his automobile, went Tuesday to Moores Forks, N. Y. They will also visit relatives and friends in other towns in New York state, expecting to arrive home Saturday.

HUGHES WON'T TALK.

But Secretary Says His Speech Was Not Political.

Washington, June 7.—Efforts yesterday to draw a statement from Justice Hughes regarding his speech Monday to a class of girl graduates were unavailing.

The justice was not to be seen for a discussion of the subject. His secretary pointed out informally, as he did Monday night that Mr. Hughes accepted the invitation to present a flag to the honor graduates several months ago and that he was not speaking for political purposes.

WOULD WELCOME WOOD.

Roosevelt Ready to Support Him for the Presidency.

Oyster Bay, N. Y., June 7.—The nomination of General Leonard Wood for the presidency would be "acceptable" to Col. Theodore Roosevelt as a solution of the situation at Chicago, according to two visitors who called upon the former president yesterday just before he left for New York to visit his publishers.

They asserted that Colonel Roosevelt told them that while he was "neither for nor against any candidate," General Wood "would be the most acceptable to him" and that he would "throw his hat in the ring" and go out and work for him as a candidate who was "thoroughly

CHILDREN WE WORRY ABOUT

Close confinement in school during the past winter, overstudy perhaps, an attack of the grip or tonsillitis, some one of these things is doubtless responsible for the condition of the child who shows a decline in health now.

What are the symptoms? Pallor and languor, a sickle appetite, dark rings under the eyes, bronchial colds. Very often the best efforts of the family physician fail in such cases and the condition of the child causes the most intense anxiety. Cod-liver oil, so often prescribed, generally fails because the weak stomach is unable to digest fats.

Try this treatment. Before breakfast each morning give the child the juice of half an orange. After the noon meal give one of Dr. Williams' Pink Pills. Keep this up for a few days and then give one of the pills after the evening meal also. Weigh the child before beginning the treatment and again after two weeks. An increase in weight of from two to five pounds will show you that you are on the right track at last.

Care is necessary in the diet of the patient and it will be well to send to the Dr. Williams' Medicine Co., Schenectady, N. Y., for a diet book and the pamphlet, "Building Up the Blood." Both are free. Your own druggist sells Dr. Williams' Pink Pills.

The Woman's Medicine. Good for All Ages. Mrs. Harold Smith's Experience.

Clarksburg, W. Va.—"I am writing to tell you the good your medicine has always done me and I hope my letter may be the means of helping some other suffering woman. When I was 16 years old I caught cold and had suppression for two months. I got so weak I could scarcely drag myself up the stairs. I went

to two doctors, then my mother got a bottle of Lydia E. Pinkham's Vegetable Compound and I took it. I never had any more trouble and got strong fast. Then I took it again before my little girl was born and it helped me a good deal and I give the Compound the credit for it. Then this spring I felt very badly again, but I took the Compound and have been well all summer. I cannot be grateful enough for your medicine."—Mrs. HAROLD M. SMITH, 470 Water Street, Clarksburg, W. PUBLIC HEARING ON PLATFORM.

Republican Leaders Favor New Plan to Hear from "Home Folk."

Chicago, June 7.—A public hearing at the Coliseum by the Republican resolution committee, so the folk here from "back home" can have a chance to say what they think should be in the platform, appeared a certainty yesterday.

The oldest statesmen and politicians cannot recall when a national platform committee ever threw open its doors and asked the public for ideas. It is said the plan originated with National Chairman Hillis. It is likely that the hearing will be held this afternoon.

BROOKFIELD

The regular meeting of the G. A. R. and W. R. C. will be held Saturday afternoon.

Miss Cora Runney, who has been spending several months in Randolph, came home last week and expects to spend the summer in town.

W. W. Haggett went last week to Massena, N. Y., where he has employment for a while.

Mr. and Mrs. Thomas Brabazon and Mrs. Edith Kenyon of Hartford, Conn., were in town at their respective cottages several days last week.

Mrs. Arthur Bean and two daughters of Brooklyn, N. Y., Mrs. Leon Webster and son of Worcester, Mass., came Monday to stay a while with their father, Ira Carpenter.

Mr. and Mrs. A. R. Runney and son, Wesley, accompanied by Elton Ellis, who conveyed the party in his automobile, went Tuesday to Moores Forks, N. Y. They will also visit relatives and friends in other towns in New York state, expecting to arrive home Saturday.

The ladies of the aid society of the Second church who are to supervise the June social are Mrs. A. R. Runney, Mrs. G. I. Dugan, Mrs. A. L. Follansbee, Mrs. U. A. Clark, Mrs. C. H. Bigelow and Mrs. Dorothy Bigelow.

Mrs. Olive Stone, who has been spending several weeks with relatives in Randolph, came Sunday to stay a while with her daughter, Mrs. C. C. Hood.

Friday evening the Brookfield high school held its graduation exercises at the town hall. The stage was prettily decorated with green and white and the class motto, "Not at the Top, But Climbing." The graduates presented their parts extremely well. Superintendent G. W. Patterson made some very interesting remarks about the schools under his jurisdiction. He then presented diplomas to Royal Porter Abbott, Anita May Dutton, Alfred Joiner Hall, Margarette Elizabeth Harrington, Charles Clark Jones, Ralph Walter Perkins, and certificates of scholarships in the eighth grade to Van Huggard and Gladys Taylor. The hall was well filled, which shows the interest taken in the exercises of the high school.

Memorial day exercises, May 30, were all that could be desired. The Woman's Relief corps, assisted by friends, served a bountiful dinner. The Brookfield band rendered exceedingly excellent music, which was enjoyed and very pleasing to the large assembly, as also was the singing in the afternoon, when 10 male voices sang the old time war songs, accompanied by Miss Ethel Dewey at the piano. We wish everyone in our town could have listened to them, as well as to the most excellent address delivered by Rev. J. H. Thompson of Randolph, which was one of the best. The stage was prettily decorated with flags, bunting, potted plants, and apple blossoms.

CONGRESS IS DISTURBED.

Alleged New Yorker Rises in House Gallery to Read Resolution.

Washington, June 7.—While the House was lazily along yesterday afternoon, according to the convention agreement, an immaculately dressed young man arose in the visitors' gallery and began reading a resolution in responding nasal tones. Guards grabbed the reader, who presented a card on which was printed, "Bayes N. Westcott, Hudson Terminal building, New York."

The man said he wanted Representative Conroy of New York to introduce his resolution. Not finding him, he decided to do it himself. His resolution urged the House to stop alleged persecution of him by secret service agents.

New York, June 7.—Bayes Westcott is an advertising agent with offices in the Hudson Terminal building.

IN BOSTON MARKETS.

Butter Supply Rather Heavy; Eggs None Too Plenty.

Boston, June 7.—Demand for butter is not particularly sharp in the local market and, in spite of the fact that a good deal of stock is going into cold storage, supplies are a little heavy for wants and sellers are not as insistent on full quotations as they have been, though they still quote the prices that they did last week. The cheese market is still working down in the adjustment of local prices to those in the primary and other distributing markets. Sellers are more anxious to sell than buyers are to buy and quotations are more of an asking than a selling basis. The market is still running short of real henery eggs, and with a good many of the western eggs showing the effects of heat, there are none too many fancy gathered eggs. Jobbing quotations:

Butter—Fancy northern creamery, tubs 32½¢@33c, boxes 33½¢@34c, prints 34¢@34½¢; fancy western creamery 32¢@32½¢, good to choice creamery 31¢@31½¢. Cheese—New York twins, new 16½¢@17c, fair to good 15¢@16c; Young American, new 17½¢@18c. Eggs—Fancy henery 31¢@32c, choice eastern 28¢@29c, fresh western extras 27¢@28c, prime firsts 26¢@27c, firsts 25¢@26c.

BEEF CATTLE EASIER.

Less Keen Demand at Brighton Stockyards—Hogs Lower, Calves Firm.

Brighton, Mass., June 7.—Prices of medium beef cattle eased off a little at Brighton stockyards yesterday morning, the Jewish holidays making buyers less keen. Hogs were lower, but other livestock was unchanged. Arrivals for the day were six cars of livestock from the Boston & Albany railroad, 18 cars from the Boston & Maine. During the week the arrivals were 16 cars of cattle and two cars hogs from the West, 20 cars of livestock from New York state and four cars from the Boston & Maine. Arrivals for the day at Watertown were 14 cars, making the total for the week at both yards 80 cars, the same as the preceding week.

A few heavy beef cattle went as high as 10 cents, but the range for medium weights was lower. Tops sold at 9¢@10c, with good cattle at 8¢@8½¢, and light at 7¢@7½¢.

Choice beef cows and heifers sold at 7¢@8c and some good sized bunches brought the top figure. The average run of tops sold at 6¢@7c, with good cows at 5¢@6c, ordinary cows at 4½¢@5c, and canners at 4¢@4½¢.

Fancy bulls sold at 7¢@7½¢, with good bulls at 6½¢@7c, ordinary bulls at 5½¢@6c, and bolognas at 4½¢@5c.

Not much change was noted in calves, owing to light supplies. Prices possibly were a little easier, but on the whole the market was well sustained. Some fancy calves sold at 11c or better. Best bunch lots brought 9½¢@10½¢, and fair lots 7¢@9c, with grassers and drinkers at 5¢@7c.

Hogs again were easier, best lots selling at 9½¢@9¾¢, with an occasional choice lot a trifle more. Rough lots sold at 8¢@9½¢.

Offerings of sheep and lambs were exceedingly small, and consequently quotations largely were nominal. Sheep would bring 5¢@8c and lambs 7¢@9c, when available.

Milch cows are in moderate supply, but the demand was hardly up to the usual mark; consequently prices continued on the recent low basis. Fancy milkers are quotable at \$90¢@100, and occasionally more, with good milkers at \$80¢@85 and ordinary milkers at \$30¢@35¢.

Don't Paint With Mud!

What is in paint is as important as how paint is put on. The best painter in the land cannot make worthless mixtures of crushed rock and ground earths stay put. Imitation paint lacks the clinching qualities and elasticity that paint made of
